Partnership of the Quarter: Children's Hunger Alliance

Every quarter, our staff votes on a charity or a cause that we are passionate about.

This quarter, we are happy to team up with the Children's Hunger Alliance. Did you know that more than 510,000 children across Ohio live in food-insecure households. Children's Hunger Alliance partners with family child care providers, daycare centers, school districts and after school and summer nutrition programs to help provide healthy meals and snacks for children in their care. 100% of your tax free donation will go to support this amazing cause.
